WHO I AM

Summary

I am a graduate student majoring in Digital Education at Xi'an Jiaotong-Liverpool University (XJTLU), building on my B.A. in Psychology from Wenzhou-Kean University. With hands-on internship experience in instructional design at XJTLU, human resources at Walmart Inc., and workplace psychological training at OHT Group, I am passionate about bridging psychology and educational technology to create effective, human-centred learning experiences.

WHERE I'VE WORKED

Experience

Internships where I put psychology into practice and grew as a professional.

JUN 2026 — AUG 2026

Instructional Design Intern Xi'an Jiaotong-Liverpool University (XJTLU)

- Designed digital learning materials and instructional resources for university-level courses, aligning content with pedagogical best practices.
- Conducted learner needs analysis and feedback surveys to evaluate course effectiveness and identify areas for improvement.
- Collaborated with faculty and subject-matter experts to develop engaging, interactive online learning modules.

APR 2025 — JUN 2025

HR Intern Walmart Inc.

- Supported the HR team's daily operations, helping with employee records and onboarding coordination.
- Proactively sought guidance from senior colleagues and quickly expanded my HR knowledge and practical skills.
- Earned high praise from the team for diligence, accountability and a fast learning curve.

JUN 2024 — AUG 2024

Workplace Psychology Instructor Intern OHT Group

- Conducted internal psychological training sessions for employees across the company.
- Translated psychology concepts into practical workplace guidance on stress, communication and wellbeing.
- Collected participant feedback to refine session content and improve engagement.

MY JOURNEY SO FAR

Education

Where I studied and the degree I earned along the way.

2026 — 2028

Master of Digital Education Xi'an Jiaotong-Liverpool University (XJTLU)

- Currently pursuing graduate studies in Digital Education, exploring how technology transforms teaching and learning.
- Building on my psychology background to design human-centred digital learning experiences.
- Two-year full-time programme with an international curriculum and research opportunities.

2021 — 2025

Bachelor of Arts in Psychology Wenzhou-Kean University

- Earned a dual degree through joint enrollment with Kean University (USA).
- Studied in a fully English-taught environment accredited by the Middle States Commission on Higher Education.
